

Beautiful, affordable custom kitchens *delivered on time, every time.*

SOFT CLOSE DRAWERS & DOORS:

PEACE IN THE KITCHEN.

Imagine this in your home: cabinet drawers that extend fully and close quietly, and cabinet doors that close quietly. StarMark Cabinetry drawers are standard with full extension for easy access, no glide hardware showing, and a whisper quiet close that steers even fully loaded drawers to a smooth, silent closure. Soft close doors are standard on all overlay cabinetry, and on inset cabinetry built with concealed hinges.

ALL-WOOD CONSTRUCTION, INSIDE AND OUT

- We use all-wood construction to make StarMark Cabinetry. There is no cheap wood or fake wood in our cabinetry.
- Our cabinets have substantial end panels—they can handle your granite countertops! Our end panels are made from hardwood plywood that is 3/4" thick.
- We create drawers with 5/8" thick hardwood and dovetail joinery.
- Because the glides are underneath, drawers can be as wide as possible, giving you more room and more organizational options.
- Shelves are 3/4" thick hardwood plywood. The shelves are adjustable, so you can arrange your cabinets exactly how you want.
- The interiors are bright, light and easy to keep clean.

For more information, ask for the *Cabinetry Comparison Workbook*.
